## **Memorandum of Understanding**

On Research Collaboration

between

University of Riau (UR), Indonesia

and

cellasys GmbH - R&D

(spin off) Heinz Nixdorf-Lehrstuhl fuer Medizinische Elektronik,  
TU Muenchen Germany

The University of Riau, Indonesia (UR) and the cellasys GmbH - R&D hereby mutually agree to cooperate in the development of activities to foster the following objective:

To establish a general cooperative agreement between the UR and cellasys GmbH - R&D on the basis of joint activities in the areas of research collaboration.

The following are the terms of understanding:

### **Article (1)**

The UR and cellasys GmbH - R&D will encourage the following Joint Research Programs in the field of Sensor, Biosensor and Environment Monitoring.

### **Article (2)**

These activities are to be carried out after mutual consultation between the UR and cellasys GmbH - R&D.

### **Article (3)**

In terms of the research, the provision in-country logistical support coordination of field supplies, expeditions, as well as obtaining legal permits and travel documents to enable the conduct of the research, in compliance with the immigration laws, is under the responsibility of University of Riau (Dikti) in the Republic of Indonesia, while it is under the responsibility of cellasys GmbH in Germany.

### **Article (4)**

The responsibility for obtaining the relevant collection and export permits to enable the conduct of research through the collection and export of biological specimens in accordance with the terms and conditions agreed upon in the related Material Transfer Agreement, in the Republic of Indonesia is under the UR; while in Germany is under cellasys GmbH.

### **Article (5)**

Any amendments to this MoU will become effective after deliberation by UR and cellasys GmbH.

**Article (6)**

This MOU shall be effective upon signature by:

- (i) the representatives of the UR, Dr Adhy Prayitno, M.Sc;
  - (ii) the representatives of cellasys GmbH - R&D, Dr.-Ing. Joachim Wiest.
- and shall remain effective for a period of 3 years.

**Article (7)**

Any joint activities carried out within the framework of this MoU shall abide by the regulations and laws of the Republic of Indonesia and Germany.

**Article (8)**

All parties involved agree that, in the event of research collaboration leading to patent rights, copyrights or other intellectual property rights, a further agreement must be negotiated in each case in accordance with the policies of the two parties on intellectual property.

**Article (9)**

The termination of this MoU will become effective after deliberation by the UR and cellasys GmbH - R&D. However, in the event that any party wishes to prolong the MoU after the period of three years, a written notice shall be sent to all parties six months in advance with a further negotiated agreement.

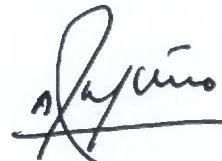

**Article (10)**

This MOU is established in the English language.
