

Letter of Intent

This LETTER OF INTENT (hereinafter to as "LOI") is made on the day of October 30th, 2018 between:

University of Riau (UNRI), a state university located in Pekanbaru, Riau and for this purposes of the LOI represented by the Faculty of Medicine, having address Jl. Diponegoro 1, Pekanbaru, Riau 28133.

RMIT University (RMIT), a Public institution of higher degree located in Melbourne, Australia and for the purposes of the LOI represented by the Centre for Environmental Sustainability and Remediation, School of Science, having address at RMIT Bundoora West Campus, Plenty Road, Bundoora VIC 3083.

In accordance with the mutual desire to continue scientific and technical interaction and collaboration between RMIT University, Australia and University of Riau, Indonesia, we wish to establish a collaborator research relation between the two institution; we agree to cooperate with each other as follows:

Article 1

The two institutions have found it mutually beneficial to initiate cooperative activities in areas of mutual interest for the following purposes

1. Exchange of faculty, scholars and graduate students for lecturing, advanced studies and research.
2. Exchange of information, theses, teaching materials and other technological and scientific literature.
3. Exchange visits by members of the two institutions.
4. Conducting joint and integrated programs for graduate students.
5. Joint research activities and publications.
6. Participation in seminars and academic meetings

Article 2

The cooperation will initially cover the following scientific and technical areas: Environmental and Occupational Health within the two named university groups.

Article 3

By Signing this memorandum, neither of the university groups accepts any kind of obligation to finance any activities of the exchange and cooperation out of their own budget funds, unless special funds are being made available for this purposes. Both contracting parties will do their best to find national and international financing possibilities for the envisaged activities.

Article 4

This memorandum will be effective immediately upon the signature of Centre of Environmental Sustainability and Remediation, School of Applied Science, RMIT University and Faculty of Medicine, University of Riau representatives and will remain in force for a period of 5 years. An extension beyond this date will require consultations between and written approval of both institutions at least six month prior to the expiration of this Memorandum of Understanding.
